

**The Rauckman Utility Products Tagging Device R-TD2 is specifically designed for electric utility applications.**

Molded from a specially blended elastomer the R-TD2 remains functional during the most frigid or sweltering weather. In addition to its high dielectric properties the R-TD2 has ultra-violet stabilizers that ensure that the R-TD2 lasts for many years of service.

Double Hooks for easy landing. Each hook has a steel core that provides memory for "field shaping" to engage conductors.

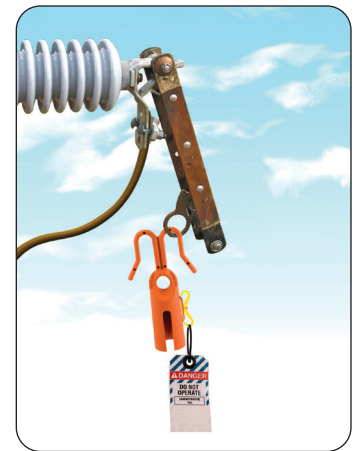

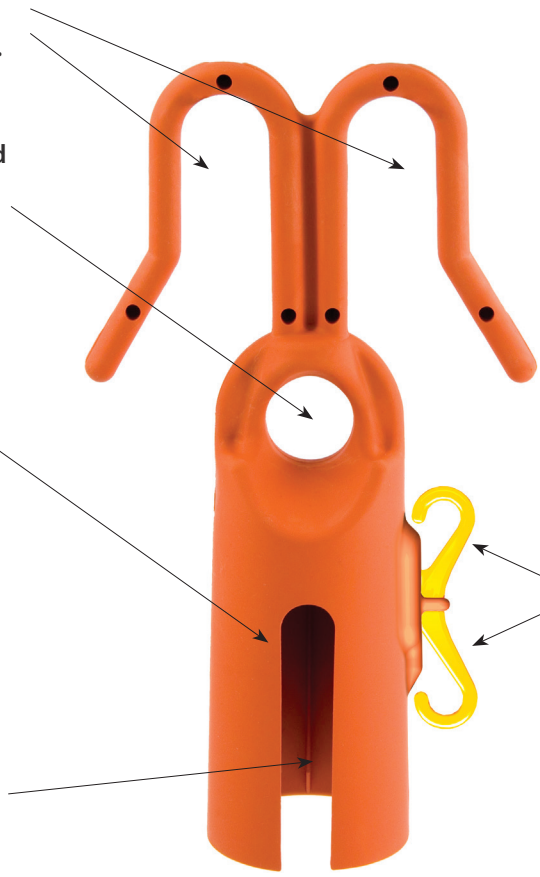

Molded eye designed to allow attachment of shotgun stick and placement of hold cards with ties, cords or lanyards.

Slot to allow the prong of a disconnect (switch) stick to aid in installation and removal.

Cavity with tapered internal ribs to accept the head of a disconnect (switch) stick.

R-TD2 installed on a disconnect switch

Double-sided clip for alternate attachment of hold cards.

R-TD2 field shaping of hooks

Catalog No.	Description	Color	Weight oz. (g)	Std. Package
R-TD2	Tagging Device with Clips	Orange	4.5 (130)	10
